**SEATTLE CENTRAL
COLLEGE**

Continuing Education

Do you work in in Washington's flourishing cannabis industry?

Welcome to the Cannabis Institute, a partnership between Seattle Central College and the Academy of Cannabis Science.

Become a certified Medical Marijuana Consultant and participate in continuing education classes to renew your certification, or simply to increase your knowledge. Enjoy leading-edge programs in a flexible online format led by industry experts. We also offer customized training.

Visit our website, or contact us, to explore how we can support your business!

*"All of our Medical Consultants are certified through the Cannabis Institute and gain a high level of confidence, knowledge and compassion for our patients."
-Quinn Sharpe,
Satori Cannabis*

Our **Medical Marijuana Consultant Certificate** program fulfills the education requirements for employees who wish to sell medical marijuana at licensed stores. It is approved by the Washington State Department of Health and is one of only three Washington State approved certification programs.

Get certified! This program distinguishes current employees and prepares prospective employees to be eligible for employment. Our comprehensive 20-hour online program covers:

- State laws and rules relating to marijuana
- Qualifying health conditions and symptoms
- Products that may benefit qualifying patients
- Short- and long-term positive and negative effects of cannabinoids
- Risks and warning signs of overuse, abuse, and addiction
- Safe handling of marijuana products
- Ethics, customer privacy and rights
